#### **STUDDABLE WINTER TIRE**

The Rovelo RWS-677 is a studdable winter tire designed to deliver superior traction in severe winter weather conditions. Our specially formulated compound provides maximum performance in extreme temperatures. The RWS-677 provides exceptional winter handling and stability while maintaining a quiet, comfortable ride. The directional tread design maximizes traction, cornering and braking performance on winter roads.

#### **SOLID CENTER RIB:**

Enhances directional stability and minimizes road noise.

#### **FULL DEPTH MULTI-DIRECTIONAL SIPES:**

Provides maximum grip in all directions while on snow and ice.

#### **DIRECTIONAL TREAD PATTERN:**

Maximizes traction, cornering and braking performance.

#### **WIDE SHOULDER BLOCKS:**

Improves cornering performance while providing a quiet and comfortable ride.

#### **UN PNEU D'HIVER QUI PEUT RECEVOIR DES CRAMPONS**

Le Rovelo RWS-677 est un pneu d'hiver auquel on peut ajouter des crampons, conçu pour assurer une traction supérieure dans les pires conditions hivernales. Notre composé de gomme expressément formulé fournit une performance maximale dans les températures extrêmes. Le RWS-677 fournit une tenue de route et une stabilité exceptionnelles en hiver tout en favorisant un roulement silencieux et de tout confort. Le motif de bande directionnel maximise la traction, la prise de virage et le freinage sur routes hivernales.

#### **NERVURE CENTRALE RIGIDE :**

Rehausse la stabilité directionnelle et minimise le bruit de la route.

#### **LAMELLES MULTIDIRECTIONNELLES TRÈS PROFONDES**

Fournissent une adhérence maximale dans toutes les directions, dans la neige et sur la glace.

#### **MOTIF DE BANDE DIRECTIONNEL**

Maximise la traction, la prise de virage et le freinage.

#### **LARGES BLOCS À L'ÉPAULEMENT**

Améliore la prise de virage tout en favorisant une conduite silencieuse et confortable.
